

ARMOUR UP: ALL-IN

COLOSSIANS 3:17

JULY 23, 2014

Verse of the week

"Do not be anxious about anything, but in everything, by prayer and petition, with thanksgiving, present your requests to God."

Phillipians 4:6

Jack Pease, 7/23 • Drew Woodward, 7/27

Will Pettijohn, 7/29 • Gannon Gaubert, 7/25

Cooper Chapman, 7/29 • Hayden Heflin, 7/24

Drew McElroy, 7/27 • Hayes Kraus, 7/28

This week's message

In John 6:1-15, Jesus feeds a group of 5000 hungry people. The amazing thing is that Jesus only started with 5 loaves of bread and 2 fish, and He was able to turn it into enough food to feed all of the people with food left over! But Jesus didn't only provide for these hungry people...the gospel is the good news that Jesus also provided for sinners like us by giving up his life so we can have a relationship with God. If you've accepted that gift, then let's learn what the disciples in the story learned: God can do amazing things when we are willing to use what He's given us to serve others. What we get from Him, let's give to them!

AU3Q

1. God provided for the people's need for food, but He also provides for our need for Him. How did He do that? (hint: check out 2 Corinthians 5:21)
2. Check out John 15:5. What does this verse have to do with the story about Jesus feeding the 5000?
3. What are some things that God has given you that you can use to serve others like the disciples did, and who are those people?

NEXT WEEK'S THEME BACKWOODS BEST!

(Redneck Regalia)

THINGS THAT

**Radium, Plutonium, Phosphorus,
Radon, Foxfire, Tritium**

**Go have some fun & pick up some "Thumbs Up!" Glow
in the Dark toilet paper on AMAZON for \$9.46**

DID

YOU

KNOW???

NEON

...is actually a **Chemical Element**

Neon is a chemical element with symbol Ne and atomic number 10. It is in group 18 of the periodic table. Neon is a colorless, odorless, inert monatomic gas under standard conditions, with about two-thirds the density of air. [Wikipedia](#)

Symbol: Ne

Electron configuration: [He] 2s² 2p⁶

Atomic number: 10 • Discovered: 1898

Melting point: -415.5°F (-248.6°C)

Atomic mass: 20.1797 ± 0.0006 u

Discoverers: [Morris Travers](#), [William Ramsay](#)

“Can you guess
how many days
until school
starts?”

- A) 32
- B) 46
- C) 28

**DON'T KEEP
CALM
SCHOOL
STARTS
SOON!**
